

FACE SHIELD

Platt Part Number: PPE001

Platt has initiated the production of Face Shields to help protect workers in essential businesses during the COVID-19 pandemic.

PLEASE NOTE:

Use only as a physical barrier from liquids. Shield is not impact resistant and should not be used as eye protection. Do not use as protection against open flame or sparks. Single use.

- The shield consists of three parts: a clear plastic visor, a foam standoff, and an elastic strap
- Platt branding and product warning at the top of the visor.
- Option to customize branding. (1 color logo with white background. Setup Charge for custom branding.)
- Potential customers: first responders, restaurants, poll workers, grocery stores, public-facing employees, factory workers.
- NOT FDA APPROVED
- Technical info available at www.plattcases.com
